\$3.50 PER YEAR

Just a Little of This & That By W. E. W.

Service

Indicating the service that broadcasting stations render is seen in an experience that Fred Wilding, of the Chaffey Music Department had recently. Several months ago Mr. Wilding heard "The Little Japanese Suite" played over KGO of Oakland and wrote asking the station who the author was and where he could procure the score for his orchestra. The other day he received a letter from KGO stating that they had searched for many months to find it and found that "The Little Japanese Suite," was written by Fountelle published lives of Paris, France.

Although it took many months to ferret out the information the station gave Mr. Wilding the information he desired.

Just Human

Being just human is sometimes difficult. Following a wonderful rain this section experienced a wind that hasn't been equalled since the memory of many residents came into being. As a result many boxes of oranges were torn from the trees and many trees and homes badly used. Up to that time this section had one of the best years from a climatical point of view that we have experienced of late.

Today's weather is back to ideal winter conditions.

JOHN GERRY WILL NOT RECOVER, SAY HIS PHYSICIANS

Pioneer Contractor and Builder Takes Turn For Worse Following Partial Recovery From Recent Injury

John Gerry, eighty-seven-year-old pioneer of Upland, and for many years this city's foremost contractor and builder, is unconscious at the San Antonio Hospital, and is not expected to recover.

Knocked down by an auto mobile at the corner of C Street and First Avenue several days ago, it was thought at first that he was not seriously hurt.

During the past few days he has failed to improve and during the past twenty-four hours has been unconscious.

DR. FERRIS IS LIONS' SPEAKER

Service Clubs Have Taken Up Teachings of Churches, Says Speaker—Dr. Ferris Is Pastor of Ontario Methodist Ch.

Dr. Ferris, new Methodist minister at Ontario, was the speaker at the Lions Club meeting yesterday and his message was listened to with deep interest by all present. The subject was inspired by certain writings of deeply intellectual Japanese writers who seemed to criticize American methods and institutions on the grounds that the best brains and ability was not used in making or maintaining our laws, but that politics and politicians had to be reckoned with first and principles second. The speaker referred to the picture of Woodrow Wilson standing high in the estimation of the world as an ardent exponent of world democracy and high standard of relationship with other nations however small, and then losing his great light and losing his life as well through political opposition to his plan. The bright side of this somewhat gloomy picture was the fact that business organizations and service clubs had taken up the principles

UPLAND STOCK YARDS GROWING NEW INDUSTRY

OVER 1300 HEAD OF STOCK
NOW BEING FED
AT YARDS

Marketing and Feed Conditions
Favorable For Industry and
Good Demand For Cattle
Fed Here

Not many people in Upland know that they have a new industry in their city which represents an investment of thousands of dollars, and that thousands of dollars are spent every month to carry it on.

At the eastern city limits adjoining the Santa Fe railroad J. A. Pitts of Arizona, last Spring established a stock yard for the purpose of fattening cattle for the Southern California markets.

Seven acres were leased from Edward Russell and cattle pens were erected on the entire acreage. Stock began to arrive last summer. The cattle is separated according to age and grade. Also the dehorned cattle is kept separate. All are shipped here from Arizona and California ranges and they usually bear the brands of their particular ranch from which they came.

Any tenderfoot can notice the advantage of dehorning. Where the cattle with horns is always threatening others the dehorned cattle feed in the trough in perfect harmony. Another advantage is that two hornless ones can feed in the space required by one animal not dehorned.

The pens are neat and substantially built, and everything is made as convenient as possible.

At present there are over 1300 head of stock on the place, and it requires the services of eight men to look after them. Several breeds are represented but Herefords predominate. The Santa Fe railroad has built shutters for their tracks to the yards for loading and unloading purposes.

Thirteen tons, or 26,000 pounds of hay and five tons of cotton seed cakes are consumed by the stock every day. Mr. Pitts claims that 2½ pounds a day must be added to each animal to make it pay. Animals up to eighteen months old are sold as baby beef. Mr. Pitts is well satisfied with marketing and feed conditions here. He says that selling his stock is the least of his troubles, as his cattle is always in demand at good prices. Two weeks ago he shipped one hundred head to Los Angeles stock yards and others will go in a few days. Many tons of bean straw and other feed is stored in the old foundry and much of the feed comes from the Chino district.

When asked how he came to locate his yards in Upland, Mr. Pitts said that his business required him to be in Los Angeles about once a month. His home is in Seligman, Arizona, and his wife usually accompanied him on his trip to the coast, but no matter where they happened to be when night came she insisted on stopping at Upland. So one day while driving over the town he saw a location that appealed to him and at once made arrangements for a lease of the ground which is now occupied by the yard. He intended at first to feed only a small number of cattle, but his business has been constantly growing and he finds a ready market for all of the stock.

that the church had long been teaching—that which has stood above every doctrine ever advocated by any sect or religion—the eternal principle of the Golden Rule. This principle when applied to practical every day living and business will eventually solve the problems of selfishly seeking political preference in favor of seeking the greatest good for all.

Everett Henry was the chairman of the day and was very happy also in his selection of music for the occasion. Mr. Ross of Ontario sang two solos with splendid effect and was accompanied at the piano by Mrs. Benton also of Ontario.

Other visitors were Earl Johnson, Albert Schmidt and R. J. Tobey.

COUNTY TEACHERS HOLD INSTITUTE

First Session To Be Held In
San Bernardino Monday—
Second Session To Be Held
At Chaffey

A musical program, a group of five-minute talks, and two principal addresses will open the annual San Bernardino county teachers' institute to be held next Monday and Tuesday in San Bernardino and Ontario, according to the complete program announced yesterday by Miss Ida M. Collins, president of the county board of education. Miss Collins will preside at the opening meeting of the institute Monday morning in the Senior high school auditorium, San Bernardino.

The Senior high school orchestra under direction of H. A. Ide and the Redlands high school male quartet, directed by Miss Margaret Walsh, will furnish the opening musical program.

State Officer Will Speak
Greeting to the teachers will be extended by Arthur J. Brown, new member of the state board of education. Mrs. Mabel Farrington Gifford, assistant superintendent of public instruction in California, will deliver an address, and George H. Jantzen, president of the county board of education, will present an educational survey of San Bernardino county.

Five-minute talks will be given by C. H. Holbrook, superintendent of city schools; McCall Aldrich, district superintendent of Chino schools; A. Haven Smith, principal of the Redlands senior high school; Miss Benah Hartman, supervisor of rural schools, southwest section; W. R. Hull, principal of the Colton Union High school; C. E. Latham, principal of the Redlands junior high school and Miss Fannie D. Noe, district superintendent of Upland schools.

Holbrook Will Preside
C. R. Holbrook will preside at the afternoon general session in the auditorium. The Redlands high school orchestra, directed by C. R. Kuehne, and the boys' and girls' glee clubs of San Bernardino senior high school will furnish a musical program. Dr. Owen C. Coy of the history department, University of California, and a director of the California Historical association, will deliver the principal address of the afternoon on "Do You Know California?" How Are You Teaching It?

A school nurses' sectional meeting will be held in Room 13 of the Hotel Economics building Monday afternoon with Miss Julia Donnelly, county supervisor of health and attendance, presiding. Talks will be given by the following: G. H. Jantzen, "Health Conservation in the Schools;" Miss Eva D. Edwards, assistant county superintendent of schools, on the Junior Red Cross; J. P. Colley of Sturges Junior high school, on Physical Education; Dr. Kenneth Dole of Redlands, on "Postural Defects of School Children;" and Mrs. Mabel Gifford, on "Correction of Speech Defects."

Opens Tuesday at Ontario
The institute will be resumed Tuesday morning at 10 o'clock in the Chaffey auditorium, Ontario, with C. J. Booth, dean of Chaffey Junior College, presiding. Organ music will be given by the Chaffey department of music.

"Howlers" will be the subject of the principal address, by Sir John Adams, lecturer on education, University of California.

Christmas music will be given by the Chaffey Junior College women's glee club and men's glee club, under the direction of E. Earle Blakeslee, and by Mrs. S. Earle Blakeslee of the Chaffey department of music.

Sectional meetings will be held Tuesday afternoon with special programs arranged for the primary, intermediate, junior high, senior high and teachers of foreign languages sections.

Acquitted on 13 counts of embezzlement, J. F. Villanor, ex-paymaster of the Lucas Land Company of Cucamonga, last night escaped a penalty, which if the maximum had been served would have totaled 130 years.

The jury returned its verdict to Superior Judge Charles L. Allison at 11 o'clock last night after six hours' deliberation.

In defense, Villanor denied the state's charge that he made fictitious entries in the firm's books to cover up thefts, explaining the incidents as faulty notations in the bookkeeping system.

DR. STONE SERVES TEN YEARS WITH THE BOY SCOUTS

IS NOW REGISTERED AS
TEN-YEAR VETERAN
WORKER

James E. West, Chief Scout
Executive, Awards Ten-Year
Service Button To Pastor of
Presbyterian Church

Dr. R. C. Stone has just been registered as a ten year veteran in Boy Scout Work.

Ten years ago Dr. Stone did the initial work here in forming a Boy Scout organization and laid the foundation for the present successful organization throughout the West End of San Bernardino County.

Dr. Stone today has more friends among the boys of all ages than any man in this section, for many boys who have left here look back with pleasure to those days spent in the first Boy Scout organization formed here.

A letter from James E. West, Chief Scout Executive of the Boy Scouts of America to Dr. Stone, is as follows:

"New York City
Mr. R. C. Stone,
Upland, Calif.

My Dear Mr. Stone:

One of the most inspiring things in my work as the executive head of the Boy Scouts of America is the evidence which comes to me repeatedly of the vital hold scouting has on the men and boys who really get into it. This vital grip of scouting is evidenced perhaps more than any other way by the fact that men and boys in such large numbers continue to give of themselves unstintingly, year after year, in order to serve boyhood through the Boy Scout program.

Of particular significance is it that many men have rendered this service for at least a decade—and most of them are continuing to do so. No man would devote his thought and effort so continuously to anything that was not very vital to him. And so it is particularly inspiring to have the example of such men before us, and the man with ten years service does an added "good turn" by making his record evident to others through registration as a Ten Year Veteran.

It is therefore a double pleasure for me to extend to you my heartiest congratulations and my sincerest appreciation of the sacrifices you have made and the services you have rendered upon the occasion of your registration as a Ten Year Veteran. Your certificate is enclosed herewith.

May you long continue to serve boyhood through the Boy Scouts of America, and may your ten year service be an inspiration to all those who have not yet undertaken this great work.

Sincerely and cordially yours,
James E. West,
Chief Scout Executive

BOY SCOUTS OF AMERICA.

MARCH FIELD TO BE
REOPENED SEPT 15

March field will be opened with a garrison of 440 enlisted men and a score or more officers Sept. 15, 1927, at which time a one and one-half million dollar building program will begin.

This definite announcement was contained yesterday in a telegram from Congressman Phil D. Swing at Washington, D. C. to President C. A. Gillespie of the Riverside chamber of commerce.

With the war department's recommendation backed by the petitions of various southern interests, it is virtually certain that the budget committee will appropriate the \$1,500,000 asked for the re-opening of March field, Congressman Swing said in this telegram.

For a short time the field will be operated as a flying base, and later a bombing squadron will be established, with 725 enlisted men, 30 commissioned officers, and from 80 to 110 airplanes, according to Major L. P. Stewart of Riverside, a former officer of March field who has been conferring with air service officers and war department representatives inspecting the Riverside base.

PACIFIC ELECTRIC GIVEN PERMISSION TO REMOVE RAILS

EXTENSION OF PARKING
PLAN DISCUSSED BY
CITY COUNCIL

C. A. Baerlen Voices Sentiment of Euclid Avenue Property Owners Present—Opening of 5th Ave. Discussed

The city council of Upland last night granted permission to the Pacific Electric Railroad to remove its tracks on Euclid avenue from the main line north to Twenty-fourth street.

The council discussed the discontinuance of the bus line from Twenty-fourth street over the hill to San Antonio Park, which is planned by the P. E. and registered an objection, but as that section is outside the city the council has no control of the situation.

Although several residents of Euclid avenue were present at the meeting last night there was no one objecting to the removal of the P. E. rails, but those present were enthusiastic over the removal of the tracks and parking of space in the center of the avenue which is now being mapped out by the street department.

Some objection to the proposed plan was voiced by V. H. Wilson, he suggesting that a district of the city formed to pay the expense, but his objections failed to receive hearty support.

C. A. Baerlen voiced the evident sentiment of men present from Euclid avenue when he said, "The only mistake you are making in parking Euclid is that you are not going far enough north. You should carry the parking at least to Twelfth street. I have a lot north of Eleventh street and want it parked and am certain that Mr. Strong and the Stewart interests will co-operate in carrying the work as far north as the Foothill boulevard. If we are going to wait to build this town until every one is ready, we'll never build it."

Opening of Fifth Avenue

Storm waters coming down Fifth avenue, opening of Fifth avenue either to D street or the P. E. tracks was up for discussion, Messrs Gregg and Schmidt appearing at the meeting. Mr. Schmidt stated that he believed the street should be opened while Mr. Gregg voiced the sentiment that unless the danger from damage could be eliminated he preferred to sell his place. Mr. Gregg was evidently against the idea of opening Fifth avenue. As the committee had been unable to go into all the details a report will be given at the special meeting of the council to be held next Wednesday night.

IN THE SHADOW

The friends and acquaintances of Edward L. Greenleaf will be saddened to learn of his death at Banning, Thursday, December 15. Mr. Greenleaf was for several years a resident in Ontario and was employed in the Hotpoint plant. He enlisted and served in the United States Navy during the World War, and since that time has been a member of the American Legion, Los Angeles Post No. 8, and of the Disabled Army Veterans. For the past two years he has been in the hospital fighting a losing fight to regain the health he lost while serving his country. His death occurred within four weeks of that of his father, Edward T. Greenleaf.

Mr. Greenleaf was born in Indianapolis, Indiana, Sept. 11, 1896. He attended Leander Clark College, Toledo, Iowa, and came to California in 1913. He leaves a wide circle of friends and relatives to mourn his death. Members of the immediate family living in Ontario are his wife, Mrs. Lucile Ames Greenleaf; his sister, Mrs. Curtis T. Frank; and his aunt, Mrs. Frank F. Palmer; his mother, Mrs. Edward Greenleaf; and two sisters, Mrs. Edward Neal and Mrs. Dorothy Perkins reside in Pasadena and Mrs. Helen Herrin of Ames University, Iowa.

The funeral will be held in Riverside at the Funeral Chapel of Simons and Son, at 2:00 P. M. Saturday, Dec. 18, and the interment will be in Olivewood cemetery, Riverside. Rev. Oeschel of Banning will conduct the services.

ORGANIZE CITRUS BELT DEPARTMENT IN BIG FIRE ZONE

Southland Cities To Join For
Better Fire Protection and
Prevention—Will Seek the
Elimination of Hazards

For the purpose of affording greater fire protection for the entire citrus belt, through the co-operation of departments in the various cities of the district, representatives from the fire departments of numerous Southland cities met Wednesday night at the Ontario Fire Hall for the purpose of forming an association of fire departments that will eventually become a part of the State organization.

Fire Chief Fred Price, who presided at the meeting, stated that the purpose of the gathering was to weld the entire district into one zone in order that each community might receive assistance from the others in case of a serious and unmanageable conflagration.

Chief F. H. Manker of the Upland Department, who was elected as temporary secretary of the new organization, stated that first and foremost the association will work for fire hazards and the education of the public to the dangers of such. Minute inspection of zones where fire might prove disastrous, said Manker, will do much toward the eradication of conflagrations.

The committee named to draw up by-laws for the new organization included: Chief J. C. Hutchinson of Riverside, Chief Horace Green of Redlands and Chief F. L. Lombra of Colton. Representatives were present at Wednesday night's meeting from the following cities: Upland, Claremont, Corona, Riverside, Colton, San Bernardino and Redlands. The next meeting of the organization will be held at Colton on Friday evening, January 7.

STREET REPAIRS NOT SUCCESSFUL

Monte Vista Grocer Finds
Roadside Adjustments Painful
As Upland Girl Backs
Sedan Over His Legs

E. C. Cole, proprietor of a grocery store in the Monte Vista district, will probably think twice before he again uses city streets as an automotive repair shop, as the result of a peculiar accident that befell him shortly before noon yesterday.

The grocer had driven to Ontario to make some purchases, parking his car in front of the Granada Theatre. After completing his errands, he was on the point of starting for home when he chanced to remember that the brakes on his car had not behaved as well as they should on the "in" trip.

Depositing his packages in the rear of his light sedan Cole stretched himself out on the pavement with head under the rear of the machine for the purpose of examining the mechanism of his brakes, with the idea of adjusting them. No adjustments were completed, however, for about this time Miss Meta Ruth of 489 Ninth avenue, Upland, who had been parked diagonally alongside of the grocer's car, backed from the curb. Two wheels of Miss Ruth's heavy sedan passed over Cole's protruding lower limbs resulting in painful bruises and a slight fracture of one of the small bones in the left leg. Cole was treated at the office of Dr. C. L. Emmons and later removed to his home in Monte Vista.

PLEAS GUILTY TO CHARGES;
ONTARIO YOUTH FINED \$500

Appearing before Judge George R. Crane in Upland court this morning to answer to a liquor charge, Dwight M. Easton, former Ontarioan, plead guilty and was fined \$500, \$300 of which was suspended by Judge Crane.

Easton was arrested July 5, at West A street and Central avenue, with John and William Dye, as the Dye brothers were delivering a consignment of wet goods to Easton.

Police had been "tipped" off that the delivery was to be made and as the transaction was being con-

LIBRARY HOUSE CLEANING ON

Library To Be Closed From
Christmas Eve Until Mon-
day, Jan. 3, With Exception
Of Sundays and Holidays

Library clean-up time was postponed from September to the Christmas holidays this year because of the illness of the librarian. From Christmas Eve to Monday the third of January the library will be closed to the public with the exception of Sundays, for reading on those days the usual hours will be kept.

Linoleum has been put on the floors by piece-meal—just as funds have permitted—until about two-thirds of the main floor has been covered. Now during this special time of closing, the remainder of the floor will be covered. Athey shades will also be placed at all remaining windows not having Athey shades. Instead of the patchwork quilt effect of the present, things will be more dignified when these things are accomplished.

The opening of the children's room in the basement has been postponed for another year as it seemed advisable to finish one floor properly rather than have a hodge podge effect in two places. Next year there will be funds to put shelves up, decorate the room, buy furniture and new books and finish the Boys and Girls Department as it should be finished.

As the library will be closed so long, all books issued this week and next will be dated "due January 3rd." This will save both confusion to the borrower and the library staff. All borrowers are given a special invitation to get plenty of books next week so they will be stocked up well for over the holidays. A new lot of books will go on the exhibit table next week also.

ROTARY CLUBS IN JOINT MEETING

Rotarians and Their Wives of
Two Cities To Hold Joint
Meeting At Mission Inn, Riv-
erside, Tuesday Night

Members of the Ontario and Upland Rotary Clubs with their wives, are to enjoy a joint meeting of the two clubs to be held in Riverside at the Mission Inn, next Tuesday evening.

A dinner, followed by a musical program under the direction of E. S. Blakeslee of the Chaffey Union High School Music Department are to be the main features of the evening.

The first joint meeting of the two clubs was held in San Diego at the recent Rotary Conference where when Upland extended an invitation to the Ontario Club to join in a joint meeting and dinner at the Hotel San Diego.

The Ontario Club sponsors this meeting and Upland members and their wives are looking forward to a wonderful program.

Perrin Speaker
Chas. Perrin was the principal speaker before the Upland Rotary Tuesday, giving a craft talk in combination with his experience with boys as members of a stock judging team.

When Mr. Perrin first came to Upland he was connected with the Horticultural Department of the County.

"I found real men here and the first problem we had to solve was of riding this community of the nearly bug. It was a big job but this town had the men that were willing to take on the work and the men with whom I worked to get a movement under way here were T. R. Woodbridge, W. K. Beattie and R. O. Price. This community should be proud of those men for they certainly did a valuable work at that."

Since changing his vocation and joining the faculty of Chaffey Union High School, Mr. Perrin has been working with boys and he told in a most interesting manner of those men for they certainly did a valuable work at that."

While on bail Easton was arrested in Los Angeles when liquor was found in his car. He served 100 days in Los Angeles county jail, and after completion of sentence was turned over to San Bernardino authorities on the July 4 charge.

INDEPENDENT GROWERS FOR REGULATIONS

PARTICIPANTS HEARTILY
IN FAVOR OF HAVING
THEM RESUMED

Agreement Given To Exchange
Committee and Report Is
Expected By Next Week—
Promise Careful Survey

Backed by all of the leading independent orange shipping concerns of Southern California, a new agreement for the regulation of the distribution of the crop was Wednesday presented to the directors of the California Fruit Growers' exchange, in session in Los Angeles.

The agreement was referred to the distribution committee of the exchange. It is expected that the distribution committee will make its report to the directors next Wednesday. If favorable, the conferences may be resumed Dec. 28.

Following is the full text of the agreement drafted by the leading independent citrus fruit shipping organizations and submitted Wednesday to the California Fruit Growers exchange for its construction:

"We, the undersigned organizations engaged in marketing citrus fruits, having full confidence in each other, hereby agree as follows:

"We realize that the proper marketing of the citrus crop of California can be attained only by the orderly movement of the crop to market. This orderly movement can be attained only if those engaged in the business have the fullest possible information on the size of the crop, the amount expected to be shipped in the immediate future, and at all times the present amount on wheels.

"In order that this information may be had by all of us, we agree to share with each other the detailed information of our own organization on the above points.

"In estimating the amount of oranges to move, each organization agrees to turn in the most careful estimate obtainable for the amount of fruit it has to move for the season.

"In estimating lemons, the same information shall be turned in as on oranges, and in addition, twice monthly the total amount of fruit held in storage by each organization shall be reported.

"We agree that representatives of each subscribing organization shall meet weekly or as often as is deemed necessary, and give to each other the above information. At these meetings a discussion shall be held as to the amount of fruit it is advisable to move in the immediate future.

"When a decision has been reached as to the total amount which shall be moved from California, each subscribing organization agreed to hold its shipment to its pro rata share of the total, as shown by the estimates described above.

"As this agreement is based entirely upon our confidence in each other, and is only workable if such confidence is maintained, therefore, if any organization shall by any act of any of its members or employees do anything that shall in the judgment of a majority of the remaining organizations make it unworthy of this confidence, such organization shall be dropped from participation in the information shared.

"Any organization may withdraw from this agreement at any time.

"We believe in the necessity of promoting shipments and agree to practice it in our individual shipments.

LEGION PLANS BIG CEREMONY ON FEB. 22ND

With a nation wide hook-up of between twenty and thirty radio stations, the greatest initiation ceremony of its kind is to be staged by veterans of the World War, acting through the medium of the American Legion, on Washington's birthday, February 22.

The spectacular feat of inducing new members into the American Legion Posts scattered over the United States will be handled by the national officers of the organization from Indianapolis, Indiana. National Commander Howard P. Savage of the Legion will officiate at the initiation.

Plans are being made for the initiation of approximately fifteen

thousand World War veterans into the Legion via the radio. The neophytes will be lined up at a given time just as they would before the Post Commander in each community having an organization of veterans and at a signal the ritual will be read over the air to the veterans who are joining up.

Details of the great initiation will be announced soon, according to James K. Fisk, state Adjutant of the Legion who has just returned to California from a national conference of Legion officials at Indianapolis.

A woman in South Carolina, without leaving her kitchen, sold 2,200 pounds of cake last year. Pastry for bridal ceremonies formed her specialty, many cakes being sent to distant points.

Each American pays an average of two dollars a year for the support of the Army.

NEW SWEATERS ARE DISCUSSED BY FROSH CLASS

Following several discussion meetings, examples of the sweater styles and color combinations were shown to the members of the Freshman class at a short meeting in Conference Hall Wednesday noon.

Due to the activity of the sweater committee, five merchants and agents for the garments have been able to present samples for the approval of the students. Each concern showed one coat and one slip-over for the students to choose as both styles will be purchased in the order. The sweaters were worn by members of the class in order to show the appearance of the garments.

Nellie Topfiff, Dorothy Gault and Donald Roe were the members of the committee.

FRESH FRUIT HAUL DOWN TO SCIENCE

With fresh fruits and vegetables becoming more generally consumed in homes, hotels and restaurants, President W. B. Storey of the Santa Fe Railway devotes his monthly Bulletin for December to some of the interesting phases of refrigerator transportation, and tells how the proposition has been reduced to a science that has resulted in the saving of millions to growers and shippers of these products grown to California, New Mexico and Arizona particularly.

The average haul on the Santa Fe lines of citrus fruit is 1,500 miles; other fresh fruits 1,700 miles; fresh vegetables other than potatoes, 1,300 miles. Many of these shipments move hundreds of miles further over other lines to final destination, says the president.

"Such service," reads the Bulletin, "also includes expedited train service heavily insulated and cost-free refrigerator cars, icing facilities and an organization specializing in the transportation of such perishable freight."

"The Santa Fe was the pioneer in California and the states it serves in using refrigerator cars for handling fresh fruits and vegetables, such cars being first used in the movement of oranges and other fresh fruits from California. Prior to the entry of the Santa Fe into California in 1885 fresh fruits were handled in ventilated box cars. As a result of this company's pioneering, refrigerator equipment for handling fresh fruits and vegetables has become general."

"In 1925 the Santa Fe handled under refrigeration, 20,562 cars of citrus fruits; 46,475 carloads of other fresh fruits; 14,381 carloads of fresh vegetables; 14,010 carloads of potatoes in addition; 19,404 carloads of dressed poultry, fresh meats, eggs, butter and cheese."

It is further stated that the average load of perishable freight handled by the Santa Fe in 1925 was about 13.56 tons—only 1 per cent of the car's capacity, while the average load of other freight is about 75 per cent of the car's capacity. The Santa Fe has invested more than \$4,250,000 in ice plants to insure adequate supply for proper refrigeration and protection of the commodities. In 1925 the company used for this purpose alone over 700,000 tons of ice.

Two angry polar bears became as docile as lambs when the crew of a schooner started singing.

First-rank professors at the University of Paris receives \$1,200 a year, second rank, \$1,100 and third rank \$655.

It has been found that a marketable oil can be made from cherry stones. The stones are heated, the shells broken and the oil made from the kernel within. The shells are used for fuel.

Tested Recipes

Chess Cakes

Make a rich pie crust and line tart pans.

Filling for same: 1 1/2 cups of sugar; 1/2 cup of butter; 3 eggs; 1/2 cup of sweet milk; 1 cup of raisins; a handful of flour mixed with raisins.

Mix all together, place in tart pans in a moderate oven. Bake from pans, frost with whites of eggs beaten to a stiff froth, and 2 tablespoons sugar. Return to oven and brown.

Cream Puffs

4 eggs; pinch salt; 1 cup flour; 1 cup boiling water; 1/2 cup butter.

Put the water and butter on to boil, add flour and stir quickly until mixture sticks together and leaves sides of pans. Remove from fire, cool, and add one egg at a time, beating all the while. After adding last egg, beat vigorously for 5 minutes. Drop by tablespoons on greased tins, leaving a space between each puff. Bake in a moderate oven for 25 minutes. Fill with cream filling.

Filling

1 pint sweet milk; 1/2 cup butter; 1/2 cup sugar; 2 tablespoons cornstarch.

Cook until done. Cool and spread between split layers.

Sugar Cookies

1 cup sour cream; 1 teaspoon soda; 1 teaspoon lemon extract; 2 teaspoon baking powder; 1/2 cup butter and lard mixed; 3 eggs; 2 cups sugar; 1 teaspoon vanilla.

Cream butter and sugar, then add sour cream with soda dissolved in it, add eggs well beaten, add flour, baking powder and extracts. Roll and sprinkle with sugar before putting in oven to bake.

Fruit Bars

1 cup dates (cut up); 1 cup nuts; 1 1/4 cups flour; 5 tablespoons buttermilk; 1/4 teaspoon baking powder; 1 cup brown sugar; 2 eggs; pinch salt.

Butter pan and put oil paper in. Have a moderate oven and bake 25 or 30 minutes; after slightly cool, cut in bars and roll in powdered sugar.

Molasses Cookies

Flour; 1 quart molasses; 1 gill water; 1 cup lard; 2 ounces soda. Put molasses, water, soda and lard in a bowl, mix them together; add flour enough to make a nice dough suitable to roll out and cut; wash with milk or water on top. Molasses Cookies are very common, but they are not easy to make, the reason being that there is no rule you can work by which will answer in all cases. All molasses does not work alike. Some kinds will bear more water than others, and the weather has to be taken into consideration. You can use more water in cold weather than in warm, at times 1/2 water, 1/2 molasses. Be very careful and not get dough too stiff, and do not work more than necessary to mix.

"Cry Babies"

1 cup sugar; 1 cup molasses; 1 cup shortening; 1 cup raisins; 1 cup nuts; 2 level teaspoons soda dissolved in 1 cup hot coffee; 2 eggs; 2 teaspoons cinnamon; 1 teaspoon ginger; pinch salt; 5 cups flour.

Drop by spoon and bake.

Oat Meal Macaroons

1 cup sugar; 1 tablespoon melted shortening; 2 eggs; 1/4 teaspoon salt; 2 1/2 cups rolled oats; 2 teaspoons baking powder; 1 teaspoon vanilla extract.

Cream sugar with shortening; add egg yolks, salt and rolled oats add baking powder, beaten egg whites and vanilla; mix thoroughly. Drop on greased tins about half teaspoon to each macaroon, allowing space for spreading. Bake about 10 minutes in moderate oven.

Ginger Cookies

3 cups sugar; 1 1/2 cups lard; 1 cup molasses; 1 cup sour milk; 1 tablespoon ginger; 2 teaspoons soda; 3 eggs; 1 tablespoon cinnamon; 1 tablespoon cloves.

Mix sugar and lard, add molasses and well beaten eggs, cinnamon, cloves and ginger. Dissolve soda in sour milk, add to above and mix with flour to make soft dough.

Excelsior Cookies

Flour; 1 cup milk; 1 cup butter; 2 cups sugar; 2 eggs; 2 teaspoons baking powder.

Cream together, adding enough flour to make a soft dough; roll thin, sprinkle with sugar and bake.

Cocoanut Drop Cookies

2 cups flour; 1 cup brown sugar; 1/2 cup milk, sour; 1 teaspoon soda; 1 teaspoon baking powder; 1 box (1/4-lb.) cocoanut.

Mix well and drop from spoon on greased pans.

OLD-TIMERS ASKED TO ASSIST BIG CELEBRATION

Upland's populace, particularly her old-timers and first settlers, are asked by Prof. R. D. Hunt, president of the Historical Society of Southern California, to join in a great Southern California tribute to Jedediah Smith.

Jedediah Smith was the first American to blaze the trail to California. He led his brave little band of trappers and explorers overland into this section of the state just 100 years ago. He was killed by the Indians when but 33 years of age, while on a third trip westward.

"It is a reflection on California that so few can even tell who Smith was. Portland thought enough of Lewis and Clark to stage the Lewis and Clark Exposition on the centennial of their arrival at the mouth of the Columbia River. The Smith centennial is at hand and nothing to speak of has been done to honor his memory. And yet he did as much for the Southwest as Lewis and Clark did for the Northwest," declares Dr. Hunt.

Believing that the finest tribute it can pay to Smith's memory is to tell the extraordinarily thrilling story of his short but adventurous life, the Historical Society of Southern California, under the chairmanship of Dr. Owen C. Coy, curator of history of the Los Angeles Museum, will stage a great historical drama, "Pathfinder of the Sierras," on the evenings of the 17th and 18th, in Bovard Auditorium, University of Southern California campus. With Jedediah Smith as the principal character portrayed, the play, according to Dr. Coy, will reveal in a fast-moving, intimate style, how the small company of trappers and explorers gave of their very lives to penetrate and map the Far West. With color and action and romance it will give interesting glimpses of their contacts with the Indians, padres, Mexican officials, Spanish social set and others. A cast of 75 with an additional hidden

chorus will take part. Cooperating with Chairman Coy in presenting the play are H. C. Lichtenberger, past state president of the Native Sons of the Golden West; Miss Grace Stoerner, past state president of the Native Daughters of the Golden West; Mrs. Florence D. Schoneman, president of the California History and Landmarks Club, and J. F. Sartori, president of the Los Angeles Clearing House Association and the Security Trust and Savings Bank.

William Clemeent Isett, author of the play, is directing the cast. Robert L. Maurice is production manager, with headquarters on the ground floor of the Jonathan Club Building, Los Angeles.

Rubberized wall paper which may be washed or disinfected is being used in hospitals and certain public buildings.

BETHANY LADIES' AID PLAN NEW YEAR'S PARTY—

Members of the Bethany Union Ladies' Aid are busy at work outlining plans for their annual New Year's dinner and party to which all members of the community are invited.

The women will meet on Tuesday, Dec. 28th at the church on

San Antonio Heights for a house cleaning day. Since the recent wind storm the little church which was right in the path of the storm, is very dusty and the women plan on spending the whole day in thoroughly cleaning the church and community hall. All members are asked to come at this time to help with the preparations.

At a recent meeting the following committees were appointed to look after the details of the New Year dinner and program. Mrs. William Littlewood, banquet chairman; Miss Isabelle Leitch, program chairman; Miss Maud Borbes, table chairman. Anyone who wishes to attend the dinner is asked to call Mrs. Littlewood, 142-W-2 as soon as possible.

AGNES WAYMAN AT JUNIOR HIGH SCHOOL—

Miss Agnes Wayman, who has been appointed by the National Girl Scout's headquarters to present throughout the country concrete material for health programs for our girls, will be one of the speakers tonight at the Junior High School in Ontario. Miss Wayman was one of the teachers at the Girl Scout Leaders conference that was held recently at the Pacific Palisades, and those who had the pleasure of hearing her, were so impressed with her talk and derived so much good from the material she gave them, that they are hoping that every one who is interested in girl scout work will avail themselves of this opportunity of hearing her speak. The meeting will open at seven thirty o'clock and everyone is invited.

MRS. EDWARD LUKE LUNCHEON HOSTESS—

Members of the Upland Club enjoyed a delightful day on Wednesday when they were luncheon guests of Mrs. Edward G. Luke, at her home, 824 Palm avenue, Ontario. Gaily decorating the living rooms were festoons of crepe paper, in the Christmas colors and beautiful baskets of poinsettias. Centering the long dining-table was an attractive basket of poinsettias and covers were marked for Mrs. Charles O. Deverts, Mrs. Ernest Jones, Mrs. A. D. Howard, Mrs. L. N. Kirk, Mrs. J. L. Miner, Mrs. C. K. Francisco and the hostess, Mrs. Luke.

A short business meeting followed the luncheon, and during the afternoon the guests worked busily on Christmas gifts.

VOTHEVANS NUPITALS READ BY DR. STONE—

The Presbyterian parsonage was the scene of a quiet wedding on Tuesday evening when Miss Jimmie Lovella Evans, attractive young daughter of Mr. and Mrs. B. A. Evans, and Jake W. Voth, were married, Dr. R. C. Stone of the Presbyterian church performing the ceremony.

The bride was charmingly attired in a frock of black georgette and satin crepe, with hat and accessories to match.

The bridal couple were attended by Mr. and Mrs. W. O. Voth, brother and sister-in-law of the groom. Mrs. W. O. Voth (Cleo Evans) is a sister of the bride. Immediately after the ceremony Mr. and Mrs. Voth left on a motor honeymoon that will take them as far north as San Francisco and on their return they will be at home on East Ninth street.

MR. AND MRS. O'BRIEN HOSTS TO U AND I CLUB—

Members of the U and I Club report one of the happiest meetings of the season when they were guests Tuesday evening at the home of Mr. and Mrs. W. E. O'Brien, 753 East Ninth street.

The O'Brien home was transformed into a Christmas bower for the occasion, a profusion of lovely poinsettias, holly, and tall red whip candles being employed in the decorations.

Three tables were attractively placed for the game of auction bridge and the final scoring gave the women the lead in the series of games that the club members have been playing during the fall months. Instead of playing for a prize at each meeting, members of this club keep each game's scoring and at the end of the season the losers are hosts to the winners. So the women who have been playing against the gentlemen are looking forward to a jolly evening when they will be guests of honor.

Following the card tourney, a number of clever games were introduced by the hostess and Mrs. Claude P. Mengle, who scored the hostess in the contest was awarded a fine large stick of peppermint candy.

At a late hour Mrs. O'Brien served a delicious supper to her guests, who numbered Mr. and

ONTARIO

Business Women Meet

Speaking on the subject of "Living a Life," Dr. Annette Foster, pastor of the Emerson Church of Los Angeles, was the principal feature of the evening's program when the Business and Professional Women's Clubs of Ontario and Upland met at the Casa Blanca Hotel on Tuesday night.

Mrs. E. A. Ashley, president of the Ontario organization presided over the meeting at which representatives were present from the Ontario Current Events Club and from Business Women's clubs of Pomona, Anaheim and Los Angeles.

Among the officers of the southern district, California Federation of Business and Professional Women's clubs present at Tuesday's gathering were Mrs. Una R. Winter, president; Miss Sue Brobst, past president of Orange County clubs; Mrs. Clara B. Dossinger, Ontario, corresponding secretary; Miss Dana Williams, Ontario, membership chairman; Dr. Sarah L. Murray, Los Angeles, chairman of speakers' bureau; Laura Murphy of Los Angeles, recreation chairman; Mrs. Mary R. Bailey, president of the Upland Club.

Those nominated Tuesday evening, to be voted upon at the January election of officers for the Ontario club, included: for president, Mrs. E. A. Ashley and Mrs. G. J. Fleming; for vice president, Mrs. D. D. McDonald and Mrs. Maude Cole; for treasurer, Helen Roloff and Mrs. Paul Smith; for executive chairman, Mrs. Mary Bowen and Miss Alice Danks.

Tuesday's musical program was arranged by past presidents of the Ontario organization and included numbers by Lauretta Shinkel, soloist, accompanied by Nora Burnhill.

Red Cross Elects

At the annual meeting of the Ontario Chapter of the Red Cross, held in the banquet room at Armstrong Hall on Tuesday evening, the reports of the various committees were heard and a board of directors to carry on the work of the chapter for the ensuing year was elected.

The newly elected board includes: Mrs. R. H. Salter, Mrs. Earl H. Richardson, Mrs. Benjamin F. Warner, Mrs. May Smith, Mrs. G. J. Fleming, Mrs. Hamilton, Mrs. George T. Barr, Mrs. H. E. Swan, J. B. Meriwether, J. S. Armstrong, A. I. Peterson, George A. McCrear, N. E. Trautman, Isaac Jones and Fred H. Clapp.

The annual report of Mrs. Jack Fallis, chairman of the production committee, revealed that over 100 articles had been made by the local chapter for the division headquarters and national supply rooms of the Red Cross during the year. These articles included tray cloths, bed socks, pillows and pillow slips, bed jackets, bath robes, caps, sweaters laundry bags and mattress pads.

The health instruction committee reported that over 100 persons had been given instruction in home nursing and care of the sick, during the past 12 months, and that 98 had received first aid instruction during that period.

Volunteer service pins, as an award for distinguished service to the Ontario chapter during 1926, will be presented at the January meeting to Mrs. Isaac Jones, Mrs. Warner, Mrs. Fleming, Mrs. Barr and Mrs. Laura Lopez.

Mrs. Fleming, it was announced, will lead the roundtable discussion of Red Cross matters at the district meeting which is slated to be held in Los Angeles on December 20th.

Will Install Juniors

That the officers and members of the Ontario Lions and Junior Lions will go to Corona next Monday for the purpose of installing a Junior organization in the Circle City was the announcement of Dr. Calvert L. Emmons at the regular meeting of the Ontario Lions Club, held at the Casa Blanca Hotel Wednesday noon.

Leonard B. Fowler, president of the local den and Clyde Bryant Jr., president of the Junior Club, will be in charge of the ceremonies it was stated, these local organizations being sponsors for the Corona Juniors.

John Mattett was in charge of Wednesday's meeting and singing was led by the Rev. Earle Smith. A report on boys' work accomplished by the Ontario Lions was read by Harry Nelsen.

Mrs. R. C. Norton, Dr. and Mrs. Claude P. Mengle, Mr. and Mrs. William Achley, Mr. and Mrs. Harry Cavers, Mr. and Mrs. Elmer Mathews.

TRACK TEAM IS IMPROVING DAILY

Coach Kegley's track squad is rapidly getting in shape for a championship.

The relay team will be a record breaker, according to the coach. Two men who will probably run this year are La Vell Ord and George Leech. The other two men for the four-man relay team are not yet decided.

Steiner, Wassaman and Miller are hurling the discus over one hundred feet.

Beside two pole vaulters, Harvey Larick and "Spud" Riggs, Chaffey has two other altitude men on the track field. "Burt" Reed and George Barry are both jumping close to five feet six. Chaffey will take most of the places in the shot again this year. There are quite a few men out for that event and Kegley is confident that they will take at least three places.

Less than half as many buggles were manufactured in 1925 as in 1923.

SOCIETY and CLUB

JUNIOR COLLEGE GROUP PLAN CHRISTMAS DANCE

The Hotpoint club house has been chosen by a group of Junior College girls as the scene for their Christmas dance, and invitations are being issued for the affair.

The party will take place on December 21 and the hostess list includes the Misses Margaret Beattie, Dorothy Groshong, Margaret Honstedt, Lois Robinson and Dorothy Tremblay.

CHRISTMAS PARTY FOR JUNIOR MEMBERS

The Red Hill Country Club resembles nothing so much as a scene from fairyland, and the Christmas party that is to be given from seven to ten-thirty o'clock tonight for the junior members promises to eclipse in festiveness any previous affair held at the club house.

The ball room has been elaborately decorated for the party.

evergreen trees, brilliant with tinsel, line the walls, while a myriad of balloons of every known color, float from all corners of the room. The committee has arranged a merry evening's program of games and stunts and the affair will be followed by a senior members dance.

MEXICAN CHILDREN TO BE GUESTS

With the children from five Mexican camps as their guests, three organizations of high school girls are planning a Christmas party, to be given next Wednesday, December 22, in the Mexican centers. Organizations include Girl Scouts, Girl Reserves and Campfire Girls, and they plan to make Christmas merry for more than 250 Mexican children in the camps of Guasti, Lucas, Thomas, Mission and LaFourcade.

Two large Christmas trees have been secured and will be gaily decorated, one going to Guasti and Lucas camps, the other to Thomas, Mission and LaFourcade. In addition to the presence of Santa Claus there will be a program by the girls' glee club. The girls will fill stockings with candy and nuts and there will be an orange and an apple for each child. Everyone of the girls has adopted a Mexican family for which they will prepare Christmas gifts. These gifts are not to total more than fifteen cents each, and a gift will be given to each member of the family.

Local service clubs are financing the party and the young girls are taking a great deal of interest in the details.

MISS GOODRICH ENTERTAINS JUNIOR Y. W. C. A.

Thirty-one members of the Junior College Y. W. C. A. were dinner guests on Wednesday evening at the home of Miss Helen Goodrich on West Sixteenth street. During the business session which immediately followed the dinner, a theme of "World Fellowship" was emphasized by the speakers. Plans were also completed for the Christmas party with which the young women will entertain children of the Mexican section. During the evening the young women completed many colored stockings that are to be filled with Christmas goodies and used as decorations on the Christmas tree, which is to be a feature of the party.

CROWELL HALL SCENE OF BRILLIANT DINNER

Crowell hall presented a festive appearance last night when members of the Women's and Men's Bible classes of the Methodist church sat down at six-thirty o'clock to a delicious dinner, served by the members having birthday days in September, October, November, and December. The banquet room was beautifully decorated for the auspicious occasion. Red and green streamers entwined the pillars and chandeliers, while low baskets of holly and tall red lighted candles on the dining-table further carried out the Christmas motif. Dainty waxed tulips containing clever favors were placed at each cover and one hundred fifty people were present. Miss Annie Larter charmingly presided as toastmistress and the dinner speeches were in the nature of a travaglogue. Those contributing to the charming "word Joruen" were Mr. and Mrs. W. F. Kitchie, who told of their motor trip last summer through many of the eastern states and Mr. and Mrs. W. B. Sage who told of their recent Canadian trip. So realistic was Mr. Charles Perrin's description of the weather conditions in Chicago at this time of the year, that many of his audience who had lived through some of the Chicago winters shivered in sympathy. As a fitting conclusion to the travaglogue tales, Miss Larter called on Mr. and Mrs. A. J. Handler to tell of their recent honeymoon trip. Charming musical features of the dinner hour was a vocal solo duette by Dr. and Mrs. Roy Farmer and a vocal solo by Dr. Farmer.

CLUB MEMBERS LUNCH AT IDYLE WILDE

Motoring to Pomona yesterday members of the M. B. D. Embroidery Club of Ontario, enjoyed a delightful luncheon at the Idyle Wilde Tea Rooms. The luncheon table presented a holiday appearance with its centerpieces of beautiful holly, Christmas place cards and favors. Following the luncheon the ladies motored back to Ontario to the home of Mrs. S. D. Falconer, 422 West D street where they enjoyed their annual Christmas party. A beautifully decorated Christmas tree holding a dainty gift for each member was a feature of the happy affair, and a delightful time was spent as each Christmas package was opened. Among those present yesterday were the Mesdames Paul Herman Crist, Mally Campbell, A. C. Crist, Louis Hammel, S. D. Falconer, Arthur DeBerard, Harry DeBerard, James Taylor, F. Bryan, Eva Mattox, A. W. Mueller, W. W. Fisher,

LEGION AUXILIARY TO SEND CHRISTMAS GIFTS

The American Legion Auxiliary has adopted one of the disabled nurses at the San Fernando hospital and it was decided at the last meeting of the Auxiliary to send a Christmas box to Miss Tully, their nurse. Any member or friend who has a gift to add to the box is asked to send it to Mrs. Everett Fuller, who is chairman of the Christmas program not later than tomorrow. Anyone wishing to contribute toys for the children of disabled veterans is asked to send them at once to Mrs. L. N. Kirk.

MRS. BRADFORD CELEBRATES BIRTHDAY ANNIVERSARY

Honoring her mother, Mrs. Ella Bradford on the occasion of her birthday, Miss Lula J. Bradford was hostess at a charmingly informal "at home" on Thursday at her home, 410 Granada Court, Ontario. Neighbors and friends came to wish Mrs. Bradford "Many happy returns of her birthday" during the afternoon, and among her daughters present were Mrs. F. H. Manker, Mrs. Charles Sikes, the hostess Miss Lula Bradford and Miss Jennie Smith.

CHRISTMAS PARTIES AT TENTH ST. SCHOOL

A large party of parents and friends enjoyed the Christmas parties given by the various grades of the Tenth street school this afternoon in the school auditorium. Departing from the usual Christmas tree festival, the teachers have planned individual parties for their grades. Santa Claus himself visited all the rooms in the building. All the pupils brought articles of clothing, food and toys that are to be distributed among the needy families of the Community and it is also the present plan to have one of the large trees on the lawn lighted up all next week with Christmas lights.

City News

Mrs. Hubert Jessup and Mrs. Louis Jackson from Adelanto visited Upland and Ontario friends this week.

Members of the N. E. W. Section of the Methodist church are planning to hold a sale of delicious home cooked foods in the old Variety store building on Saturday. 6421

Mr. and Mrs. Arlon Springer (Frances Johnson) and their two children, John Farrington and wee Gertrude, arrived recently from their home in Torrington, Wyoming, and will be guests during the winter at the home of Mrs. Springer's parents, Mr. and Mrs. A. H. Johnson, 448 Third avenue. This is Mr. and Mrs. Springer's first visit home in five years and their many friends here are delighted to see them.

Many new articles have arrived in our stock; suitable gifts for the last minute decision. Reynolds-Harnish Dry Goods Co. 6411

Avery Allen, who has been recuperating from a bad siege of tonsillitis at the home of his parents, Mr. and Mrs. Charles Allen on Third avenue, left yesterday for Los Angeles where he will resume his studies at the University of Southern California.

The Cless D. Grier Shop will be opened Saturday evening. Also next week in evenings, beginning Wednesday. 6411

The many friends of C. T. LeTournau will be sorry to hear that he has suffered a severe stroke of paralysis and is very ill at his home on Euclid avenue. Mr. LeTournau's two daughters recently arrived home from China where they had been doing missionary work for several years and they and their mother are in constant attendance at the sick bed.

For your final selection of gifts we have an excellent assortment of useful articles, as well as novelties. What could be more appreciated than a pair of blankets or fine feather bed pillows. We have both in the finest quality and at moderate prices. Reynolds-Harnish Dry Goods Co. 6411

Mr. and Mrs. Merle Scott and their two little girls arrived in Upland on Tuesday, and are visiting Miss Rosa Doole and W. I. Doole and family. They have been in Europe for several years. Mr. Scott has been general secretary of the Young Men's Christian Association in Warsaw, Poland. They are on their way to Honolulu, where he will be the Territorial Secretary for the Hawaiian Islands. Mr. Scott will speak in the Presbyterian Church of Upland next Sunday at 11 A. M., on conditions and Y. M. C. A. work in Poland.

New Fada Eight Radio. Completely shielded. No unsightly wires. No aerial. No ground. Colborn Electric Co. 561f

Members of the Upland Business and Professional Women's club will sponsor a food sale tomorrow at Hayman and Rogers Store. The women have worked hard to make this sale a success and all money derived from this source will be used to further the Christmas and welfare work in which they are interested.

We frame more pictures every day. Manker & Benson. 6414.

Mrs. Mary E. Smith and daughter Alice of Long Beach, formerly of Upland, are spending a few days here visiting friends.

For a good and lasting shine go to Louie's, at 260 Second Ave. 6412

A glance at the register in the Community Cottage on Ninth street that is sponsored by the Business Women's Club, would prove that the cottage is filling a real need in the community. Tired mothers and busy little shoppers are glad to take advantage of the cozy resting place and many travelers have registered at the cottage during the last few weeks.

Madeira Buffet Sets and Dollies. Upland Art Shoppe. 6412

Cigars, Pipes and Candles for Christmas gifts at Louie's Place, 260 Second Ave. 6412

John Palmer announces that special programs will be broadcast over KMTZ today from 4:30 to 5 P. M. Saturday, from 4:15 to 4:45 P. M. and Monday from 4:15 to 4:45 P. M. featuring Columbia bicycles and wheel goods. The Manufacturers of this excellent line celebrated their golden anniversary last July, having manufactured wheel goods for over fifty years.

For your convenience our store will keep open until 9 o'clock beginning Wednesday, Dec. 22. Reynolds-Harnish Dry Goods Co. 6411

SAINT MARKS CHURCH
Euclid Avenue and F Street
Rev. Bert Foster, D.D., Rector
Fourth Sunday in Advent.
Sunday School and Bible Class in Parish House 9:30.
Morning Prayer and Sermon, 11:00.

The Sunday School Christmas Party will be held in the Parish House on Wednesday evening, beginning at 7 o'clock. Every person in the Parish interested in the children is invited to attend. Bring a little gift with you, costing not more than twenty-five cents and give it the door keeper as you go in. Come and help us to give the young folks a good time. Any member of the Guild will tell you what you can do to help.

Carol, "Sleep of the Child Jesus," Gevaert
Invocation (Audience standing). Gloria.

Hymn No. 173.
Solo, "Jesus Bambino," Von Lauretta Shinkel

Scripture Reading
Anthem, "Christmas," Shelly
Prayer. Response "Silent Night" Announcements.

Solo, "Cantique de Neil," Adam Mrs. Kaiser

Address by Mr. P. M. Scott, Y. M. C. A. Secretary from Warsaw Poland.

Benediction.

Postlude "Chorus of the Shepherds" Lemmons
Evening service at 7:30. The pastor will speak on the subject "The Annunciation." Christmas music at this service also.

Sabbath School meets at 9:45 A. M.

C. E. Senior and Junior meet in the evening at 6:30.

The Mission Study Class will not meet for two weeks during the holidays. Prayer meeting Wednesday evening at 7:30.

The Sunday School Christmas exercises will be held in the church on the evening of Thursday the 23rd. An unusually good program is prepared for this year. Gifts may be brought for our Presbyterian Orphanage, for the Mexican Church or for James Hayes our Sabbath School Missionary.

The Mexican Christmas exercises will be held in the church on the evening of Friday the 24th. Friends are invited.

All friends of the church will be interested in the celebration of the 40th anniversary of the organization of the church on the 2nd of January, the first Sabbath in the New Year. The Minister who organized the church and the first pastor will be present. All former members and friends are invited as guests of this church. A splendid program is prepared for that day.

MENNONITE CHURCH NOTICES

Sunday December 19th.
Sunday School 9:30 A. M. The classes are getting ready for the blessed Christmas time and a Christmas program.

INTERESTING NEWS ITEMS FROM CHAFFEY TATTLER-THRASHER

Whispering Wires

That Bring Increased Returns to Citrus Growers

In the harbor of Palermo, Sicily, a cargo of 16,500 boxes of lemons is loaded for New York. Florida oranges will run heavily to small sizes. An influenza epidemic produces a sudden demand for hot lemonade in Winnipeg. Manila will take 500 boxes of California oranges. The Georgia peach crop is reduced by hail.

ADVICE—News—Figures—Facts that are vital to the successful marketing of California citrus—Messages in secret code—Telegrams, Cablegrams, Radiograms from a hundred points—whispering wires that tell of pitfalls and opportunities for California citrus shippers.

Without such information distribution becomes an expensive game of blind man's buff and price determination a mere lottery.

Dedicated to the task of keeping the headquarters office informed of every fact that will influence the sale of California oranges, lemons and grapefruit, is the Market News Service of the California Fruit Growers Exchange.

As an attacking general studies the strength of his adversaries and the type of country before him, so the Exchange pre-determines the competition which California citrus must face and the conditions of trade in every market.

The Market News Service supplies the marketing "eyes" of the Exchange. In every important market this co-operative association has its own experienced representatives. From these offices its trained agents maintain constant contact with the ever-changing conditions in the markets of the world.

Oranges **Sunkist** Lemons
Grapefruit

FIRST TATTLER ISSUED ON NOVEMBER 1, 1913, BY APPOINTED GROUP

EDITING SUPERVISED BY MISS AVERY
Originally Tattler Was An Eleven-Page Book-let Issued Four Times During the School Year—Initial Copy Was Dedicated To Freshmen

On November 1, 1913, the first Chaffey Tattler was issued. This Tattler was an eleven page pamphlet, and was published four times a year. The initial copy

was dedicated to the Freshmen. The year before this paper was issued, a committee was appointed to investigate the question of a school paper. This committee

AGE-OLD TREES UPROOTED BY WIND STORM

The terrible wind storm which visited Ontario and this section of the country during the past week left fallen trees, broken wires, broken down fences, and barns without roofs. Repair work started at once when the storm had subsided.

Many of the stately old trees, some as old as the city itself, were uprooted by the furious wind, others were stripped of their foliage. Several of the old timers were saved by holding them firmly up-right with great cables and ropes.

On the Chaffey campus are many signs of the storm. North of the science building a tall and venerable looking tree is leaning on the building. The canvas ar- cades in several places were stripped from the iron framework. The straight and silent flag pole had to be securely fastened to the sundial to keep it from being blown over. Leaves, fallen branches, and rubbish carpeted the lawns.

As soon as the storm had passed, crews of men were sent out to clean up the wreckage. Monday morning the Chaffey campus was again in its normal appearance. The caretakers with the truck had hauled all the limbs and trash away and had raked off the lawns.

The year before this paper was issued, a committee was appointed to investigate the question of a school paper. This committee agreed that such a publication was very desirable and made the aim and ideals of the Tattler as follows: "The aim of 'The Tattler' is to record in a pleasant way the happenings of school life. That one man enjoy reading 'The Tattler' as one enjoys reading an old 'Foliot'. But this is its primary aim: to be an active, live agent in Chaffey; to form a center radiating school spirit; to be a medium of exchange between groups widely separate in interest and activities, is 'The Tattler's' highest goal."

"We of the staff ask your interest and support. Voice your opinions through 'The Tattler'. We shall be pleased to print any expression of opinion which a Chaffeyite wishes to bring before the Student Body, or anything which is of interest to the school at large."

The board of editors for this first paper was: Constance Conger, Editor-in-chief; Marie Podrasnik, Literary Editor; Sam Collins, Debating Editor; Florence Kirkpatrick, jokes; Mary Stuart Fox, Society; Bradford Manker, Business Manager; and Mr. E. W. Fischer, athletics.

The first issues of the Tattler were printed on a writer's press operated by F. M. Watenpaugh, now a teacher in the Commercial Department. The paper was censored and controlled by Miss Lois Le Baron Avery, present head of the English Department. Not enough credit can be given those who edited the Tattler in the first few years of its life. They worked under the greatest difficulties. As a result of their unlimited effort the school paper is now printed on a newspaper press and set up by a crew of men entirely independent of the staff, and is issued weekly.

The paper was issued in pamphlet form for one year, and in 1914 was published every Wednesday on the last page of the Ontario Daily Report. Hawley Mertz, '15, was the editor.

In those earlier publications of the paper the word "Tattler" was spelled with two t's, "Tattler."

PRaise IS DUE TO SOPHOMORES FOR ATHLETICS

Now that the Sophomores are a little more advanced than when they were Freshmen, they are taking a great part in Chaffey athletics. They are well represented in all sports and a few members have made themselves known on the gridiron during the football season which has just closed. A great deal is expected of them when the call for football men is made next fall.

When "Pop" Kegley issued his call for trackmen, he was mighty glad to see the large number of sophomores who responded to the call of the cinder path, and from the present outlook the Sophomores will share many honors with the upper classmen when the C. B. L. meet is held. "Chatty" Cornelius, who sprints and runs the hurdles, is expected to bring in many points in future track meets. William Webber runs the half and mile, stepping both of them lively enough to make the best of them take notice. Stanley Reeder is sure to bring in winning points in the 100 and 220 dashes and in the quarter-mile. Nelson Gray tosses the platter, and the little iron ball, making many of the onlookers wonder when they are coming down. Magill runs the hurdles in a manner that gives promise for the future and also tosses the shot put. There are many others that are now training, who will help bring championship teams to Chaffey.

Basketball seems to be the Sophomores favorite sport for they are better represented there

PIGEONS HAVE BEEN PRAISED

The Chaffey pigeon department, under the direction of Ray Delhauer, is progressing rapidly as systems and feed formulas, originated here, are receiving national interest. Mr. Delhauer is sending blue prints of the pigeon department, every week at a cost of 35 cents, to many schools in California and in other states.

There are many birds valued at \$2 to \$7.50 left from last year. These are put in the care of Almon Carr, Charles Gage, and several other boys. There is an increasing demand for the squabs which they are now raising.

There have been several new sections made in which the birds are housed.

LEGAL NOTICES

Notice of Annual Meeting

The regular Annual Meeting of the Shareholders of the First National Bank of Upland will be held at its Banking House in the City of Upland, State of California, on Tuesday, the eleventh day of January, 1927, between the hours of ten and eleven a.m., of said day, for the purpose of electing Directors and transacting such other business as may properly come before said meeting.

HARLOW S. WILSON, Cashier.
December 17, 1926.

Notice of Annual Meeting

The annual meeting of the Upland Water Company will be held in the basement of the Public Library, City of Upland, San Bernardino County, California, on Tuesday, December 21, 1926, at 10 A. M., for the purpose of electing directors, amending the by-laws, and for the transaction of such other business as may properly come before the meeting.

By order of the Board of Directors,
DAVID BRADFELD, Secretary.
Dated Upland, California, December 16, 1926.

Delinquent Assessment Notice

THE SCHWABER MUTUAL WATER COMPANY—PRINCIPAL PLACE OF BUSINESS, UPLAND, CALIFORNIA.

NOTICE
There is delinquent upon the following described stock on account of assessment levied on the 23rd day of October, 1926, the several amounts set opposite the name of the respective shareholders, as follows:

No. of Shares	Amount
R. P. Garbutt, Jr.	30 \$200
R. P. Garbutt, Jr.	37 20

And in accordance with law, so many shares of each parcel of stock as may be necessary will be sold at public auction, to pay delinquent assessments thereon together with cost of advertising and expenses of sale. Dated this 3rd day of December, 1926.

W. E. O'BRIEN,
Secretary of Said Corporation.
Location of Office, Upland, California. 64-15

Notice To Freeholders

OF SECOND ROAD DISTRICT OF HEARING ON PETITION TO ABANDON PORTION OF HIGHWAY IN SAID DISTRICT
NOTICE IS HEREBY GIVEN, that a petition has been filed with the Board of Supervisors, signed by ten freeholders, at least two of whom are residents of the Second Road District of the County of San Bernardino, and who are taxable therein for road purposes, petitioning the Board of Supervisors to abandon a highway situated in the Second Road District in the County of San Bernardino, State of California, described as follows, to-wit:
San Antonio Drive, between Mountain Drive and Ocean View Drive, as shown on Map of San Antonio Heights in Book 4 of Maps, Page 48, Records of San Bernardino County.
That said petition has been set for hearing before the Board of Supervisors on Monday, December 20th, 1926, at the hour of eleven o'clock a.m., at the office of said Board in the Court House, City of San Bernardino, at which time and place all parties interested in said petition will be heard.
By order of the Board of Supervisors, duly made and entered on the 29th day of November, 1926.
HARRY L. ALLISON,
County Clerk and ex-officio Clerk of the Board of Supervisors of San Bernardino County, California.
By F. J. ATKINSON, Deputy.

The Electrical Gift!

Is the most appreciated because it is something the whole family can use and it will bring Xmas to mind all year long. There are the WAFFLE IRONS, PERCOLATORS, TOASTERS, GRILLS, and many other of the lamp socket appliances.

An Automatic **Hotpoint** Electric Range

Of course, the best Gift would be an ELECTRIC RANGE. One of those new Hotpoint Super-Automatic Models. They are Safe, Economical, Convenient and Quick.

Or the ELECTRIC REFRIGERATOR will be another Gift any family would appreciate. Let us help you!

Yours for a Merry Christmas!

Cucamonga-Alta Loma News

Splendid Talk by Rev. Bert Foster

Over thirty members of the Cucamonga Service Club enjoyed an inspiring address by Rev. Bert Foster, pastor of St. Mark's Church of Upland, at their Monday evening dinner and meeting at the Sycamores. Bubbling over with his well-known wit and humor, Dr. Foster's talk was along the lines of service and what it leads to, emphasizing co-operation, a united ideal of service. In this entertaining way, the speaker told of his early experiences as a young minister visiting among the mines of Idaho, Montana and other northern states, keeping his audience convulsed over his humorous descriptions of life as he found it in those days, showing even then, the co-partnership the spirit of service, that held the early pioneers in the bond of fellowship. Following his talk, the new Sycamores Orchestra played for the club songs and Dave Mannias, leader of the orchestra, delighted all with his clever imitations on the piano of a mechanical piano player, and a repertoire of circus music, from the start of the parade to the finish with the grand old callopo.

Measars H. H. Thomas and Elton Thomas, who were unable to serve on the entertainment committee last week, as announced, will have charge of the program this coming Monday meeting, and are promising another fine speaker for that occasion. Judge W. H. Thomas, a

brother of Mr. H. H. Thomas, and a well known speaker of note. Pomona Glee Club artists will be another drawing attraction, furnishing some fine music on the evening's program.

Bridge Club Entertained

Entertaining with a delightful party at the home of her daughter, Mrs. Franklin Roth in Euclid avenue, Ontario, Mrs. W. H. Converse was hostess to members of the Alta Loma Bridge Club and a number of friends on Tuesday afternoon. Carrying out a dainty color motif in pink and green, the tea table was prettily decorated with choice pink roses and graceful festoons of smilax, with lighted pink candles in pink crystal holders. Covers were arranged for the following members able to be present: Mrs. Chas. F. Thorpe, Mrs. Gilbert Dize, Mrs. W. J. Kincaid, Mrs. H. L. Salisbury, Mrs. J. H. Gregg, Mrs. Henry G. Klusman, Mrs. E. S. Bishop, Mrs. Franklin Roth, the hostess Mrs. Converse and the following guests of the afternoon: Mrs. George A. Hay, Mrs. F. N. Davidson and Mrs. Clifford Tanner. Mrs. Dize will entertain the club Tuesday January 4th, at her home in Hellman avenue, Alta Loma.

Alta Loma Ranchers Suffer Loss

The stiff norther or last Wednesday night and Thursday played havoc with local wires, the result of falling trees and broken

limbs; power lines were out only on an average of twenty-four hours but telephones, many of them have been demoralized for a week, owing to numerous poles snapped off by the wind which followed heavy rains. Many of the big eucalyptus windbreak trees, owing to the softened condition of the ground, were blown down, and axes and saws have been in active demand for the past week. Many groves, especially those not fully protected by windbreaks, are reporting loss of fruit for shipping. While these losses reduce the crop as a whole, growers will undoubtedly receive better market prices for the remainder.

Narrow Escapes in Storm

One prominent citrus grower and dairyman of the foothill city is today thanking his "lucky stars" at his narrow escape from being crushed under the weight of an immense old eucalyptus tree, which crashed down during the height of the storm at 4:30 o'clock Thursday morning, striking across one end of his big milking barn, killing one of his valuable milkers, stampeding the herd and coming within ten feet of where he sat milking by the light of a lantern, the electricity having been cut off the night before. Although he escaped uninjured it was an experience he does not care to repeat. A pepper tree was blown down over another shed which sheltered a number of young calves, but these were unhurt.

On Hermosa avenue, another great windbreak tree gave up the struggle and crashed down across the corner of the Maxwell home, tearing a great hole in the roof. Although old timers still hold out the big wind of 1887 holds the record, last week's storm proved a gentle reminder in many sections of that oft-told tale of the famous "blow."

Escapes Injury in Collision

J. H. Gregg, citrus grower of 19th street and Hellman avenue is congratulating himself on his fortunate escape from possible serious injury or worse when on last Monday he was returning to Cucamonga over the new Arrow route Highway and turning into Archibald avenue going north, a truck carrying oranges crashed head-on into his machine, striking and almost demolishing the engine; a few feet more, and the truck would have crushed the driver, Mr. Gregg, against the wheel of the car, with serious consequences. Mr. Gregg sounded his horn before the turn, but the truck was coasting down hill and made but little noise of its approach at this dangerous junction of the new highway and Archibald avenue. Mr. Gregg's car is laid up in the garage this week for repairs to the engine.

Alta Loma Service Club is holding their "Ladies' Night" entertainment this Wednesday evening instead of the regular third Friday of the month.

Aloha Club is being entertained by Mr. and Mrs. E. S. Bishop at 6:30 dinner at the Sycamores on Friday evening this week.

Mr. and Mrs. Chas. B. Motzinger spent Monday on a little shopping tour in San Bernardino.

Mr. and Mrs. Henry Straub, of Hollywood, were visitors on Sunday at the home of Mr. and Mrs. James Sharp in Hellman avenue.

Mrs. W. J. Kincaid returned home Monday from Los Angeles, having been a guest since last Friday at the home of her daughter, Mrs. Walter Frank Keen.

Mrs. Chas. N. Fiedler, of Los Angeles, was in the community last Friday, looking after her business interest here.

Little Chas. Thorpe, Jr., of Pasadena, is the guest this week of his grandparents, Mr. and Mrs. Chas. F. Thorpe, of "Edgemont," Alta Loma. Their daughter, Miss Constance Thorpe, who teaches kindergarten in the Sierra Madre Schools, is expected home Friday from Pasadena for the Christmas holidays. She will be accompanied by her niece, Miss Muriel Demons.

Walter Coburn of Los Angeles, accompanied by Mr. Hirt, both of the Los Angeles Telephone Company, and enroute to San Diego, stopped over here Tuesday for a short visit with his aunt, Mrs. James Sharp.

Christmas programs, including clever little Christmas plays, will be featured at the closing of the local grammar schools for the Yuletide holidays. Santa Claus is scheduled to distribute presents to the good children at the Central School following the program Friday afternoon. Alta Loma will present their Christmas play and

program on Thursday evening, and the school will have their closing Christmas festivities on Friday afternoon at the school.

Red Hill Country Club Tea and Christmas Party

Reservations are pouring in for the final party of the fall season, which will be a complimentary bridge tea and Christmas party for members of the club only. The committee on Cards and Teas are planning to make this another one of those happily informal affairs, emphasizing the Yuletide motif in decorative effect, with pretty table prizes. Phone reservations not later than the 18th.

Cucamonga Growers in Annual Meeting

A record attendance of members of the Cucamonga Citrus Fruit Growers Association turned out for the 30th Annual meeting at the packing house, Archibald avenue and Santa Fe Tracks.

last Saturday afternoon. The yearly report as given by the secretary and manager, N. H. Garrison showed that the season ending Nov. 30th, 1926, had been very good to members of the association. An output of 210 cars, or 87,410 packed boxes, representing 218½ acres of oranges, brought returns to growers of \$289,232.22. Many new groves joined the local exchange during the year, adding 142½ acres to the shipping list through the Cucamonga house, only 22 acres being withdrawn, leaving a net gain of 120½ acres.

A stamping machine to stamp "Sunkist" on every orange shipped, was ordered and will soon be in operation.

Mr. Garrison called attention to the fact that the total packing cost per box was 60c compared with an average of 75 cents in the southland.

A new board of directors was elected and organized as follows:

BIG DISPLAYS TO FEATURE THE 17TH ORANGE SHOW

Not only a splendid "world's fair of citrus fruit," but literally an exposition of Southern California products giving a cross-section of agricultural,

J. A. Hall, president; Robert Nisbet, vice-president; George Klusman, Henry J. Whitson, James McCorkindale, Edwin Vose Palmer, W. B. Harvey, N. H. Garrison was appointed secretary and manager of the association.

H. B. Harlow, manager of the O. K. Exchange, gave an interesting talk on oranges and exchange matters during the meeting.

industrial and artistic activities of this section—such will be the forthcoming Seventeenth National Orange Show at San Bernardino, according to advance notices just received from this year's management.

Augmenting the main show—the exhibition of blue ribbon oranges and other fruit, and the feature exhibits of the leading communities of Southern California—will be such features as a colorful big industrial show, an automobile and tractor exhibit, an "Orange Trail" replete with mardi gras attractions, nightly dancing, and a world of musical and vaudeville entertainment on the huge stage.

"Every effort this year is to be made to make the National Orange Show, running from February 17 to 27, inclusive, an all-embracing one in so far as interest is concerned," declares a communication from Arthur J. Brown, president. "To that

end we have planned many auxiliary features for the benefit of the 'layman' as well as the excellent educational major show of oranges which will prove of interest to the man who raises oranges, or who is interested in citriculture."

Augmenting the rack displays of growers and the shipping organizations will be educational features such as lectures by agricultural experts, distribution of technical literature, and countless other helps for the growers. The feature exhibits will be, it is declared, more beautiful this year than ever before.

Although only forty-seven years old, Queen Wilhelmina of Holland, Europe's only reigning woman sovereign, bids fair to enjoy one of the longest reigns in history. She became nominal queen at the age of ten.

Tested Recipes

Cottage Pudding
1½ cups flour; ¼ teaspoon
soda; ¼ teaspoon salt; 1 teaspoon
vanilla; 2 teaspoons baking pow-
der; ½ cup butter; ½ cup sugar;
1 egg; 1 cup sour milk.

Cream butter, sugar and eggs
together; sift flour, baking pow-
der, soda, salt together, and add
to cream mixture alternately with
sour cream; add vanilla and beat
hard; place dough in greased pan.
Serve hot with lemon sauce.

Dip for Pudding
1 egg; vanilla; 1 cup powdered
sugar; 1 tablespoon melted butter.
Beat all together and add 1
cup of whipped cream.

Salmon Loaf
1 cup flaked cooked salmon;
1 cup stale bread crumbs, soaked
in 1 cup scalded milk; 1 tea-
spoon salt; ½ teaspoon onion
juice; 2 egg yolks, beaten; ½
teaspoon lemon juice; 2 egg
whites, stiffly beaten.

Combine ingredients in order
given, folding in the stiffly beat-
en whites last. Drop mixture
into a well-greased and crumpled
pan and bake in a moderate hot
oven or steam the mixture. The
eggs may be omitted, using ¼
cup less milk. Serve with white
sauce.

Fudge Squares
3 tablespoons shortening; 1 cup
sugar; 1 egg; 2 ounces melted un-
sweetened chocolate; ¼ teaspoon
vanilla extract; ½ cup milk; 1 cup
flour; 1 teaspoon baking powder;
½ teaspoon salt; ½ cup nut
meats, chopped—not too fine.

Melt shortening; add sugar and
unbeaten egg; mix well; add
chocolate, vanilla and milk; add
flour, which has been sifted with

BRIEFLY TOLD

A cypress tree growing in a
churchyard near Milta, in Oaxaca,
Mexico, is thought by some au-
thorities to be the oldest living
thing in the world. Its age is
estimated at more than 8,000
years.

A Druse girl of the Lebanon
Mountain region of Syria may
with propriety show one eye to
the world, but to unveil two eyes
would be the limit of bad taste.

Mussolini's private barber, who
has done tonsorial work for the
Duke for four years, has never
talked to him during that entire
period.

The first gas for domestic use
was conducted from the retorts to
points of use through the utiliza-
tion of discarded gun barrels, of
which there was an ample sup-
ply at the close of various Euro-
pean wars. The barrels were
made into a continuous pipe by
screwing the ends together.

Strong opposition to the "no
hat" custom has sprung up among
government officials of France. It
was formerly the custom of chief
clerks to check the presence of
their assistants, momentarily ab-
sent from the office, by their hats
hanging outside the door.

It is possible to transform
varech de mer, or zostera float-
ing sea grass, into varicolored
fireproof and waterproof artificial
lumber.

baking powder and salt; add nut
meats, mix well. Spread thinly
on greased shallow cake pan, and
bake in slow oven 20 to 30 min-
utes. Cut into 2-inch squares be-
fore removing from pan.

AMERICAN

LEGION NOTES

Calling upon their comrades of
the World War to pledge them-
selves "to an ever broadening
field of service," four heads of
the American Legion organiza-
tions in California have joined
in a Christmas message sign-
ed by Dr. John F. Slavich and
James K. Fisk, state commander
and state adjutant, respectively,
of the Legion; Jack Huston, head
of the Forty and Eight society
and Mrs. Elizabeth I. Drendell,
state president of the American
Legion's Womans Auxiliary.

The message reads:
"To Our Comrades: In keeping
with the Spirit of the Yuletide
we would take this means of
sending to our California comrades
wherever they are dispersed, a fer-
vent wish for a fullsome and most
contentful Holiday Season.

"With the passing of another
year in our calendar of endeavor
it is with genuine appreciation
that we gratefully remark the
many gifts of laudable service
made by our people to their sev-
eral communities.

"You have harkened well to the
precepts of our organization and
in every valley, mountain and
metropolitan area reflections of
your good demonstrations are ap-
parent. The spirit of a better
mutual understanding on which
the Legion and its aids are found-
ed, has been finely flourished dur-
ing the past twelve months, and
with that understanding we have
been able to more strongly con-
secrate and sanctify and cherish
our comradeship.

This deeper appreciation of
continued duty to our fellowman
has, we believe, brought some-
nearer that day when right shall
become in reality the master of
might, and one and all shall join
hands in exemplifying the teach-
ings of the Master of "Peace on
Earth, Good Will to Men."

The horizon of another year
takes form before us. With a
stride made more firm and
valiant by the experiences of the
past let us move forward deter-
mined and that we of the living
Legion are privileged to still carry
on.

United again, in ever increasing
numbers, let us, one and all,
pledge ourselves to the making of
a greater nation, a worthy citi-
zenship and an ever broadening
field of service. For God and
Country it is ours to strive and
do."

Protesting to Congress against
the proposal to pass legislation at
this session at Washington to
confer American citizenship upon
certain Hindus who were granted
naturalization prior to 1923 and
whose naturalization certificates
are to be cancelled in accordance
with a recent Supreme Court de-
cision, the California Joint Im-
migration Committee, has dis-
missed a demand to Senator
Hiram W. Johnson, chairman of
the Senate Immigration Com-
mittee, that the contemplated action
be not taken.

The members of the joint com-
mission are former Senator James
D. Phelan, Attorney-General U.
S. Webb, Edward J. Lynch, past
grand president of the Native
Sons, V. S. McClatchy, Paul
Scharrenberg, secretary-treasurer,
California State Federation of
Labor, Geo. R. Harrison, Master
State Grange and James K. Fisk,
state adjutant of the American
Legion.

The committee declares that the
proposed legislation will result in
reopening the Japanese citizen-
ship situation created in the
Hawaiian Islands and that great
harm will result.

"Congress cannot afford, in face
of the facts, to admit these Jap-
anese to citizenship; and yet to
refuse to do so while admitting
Hindus under somewhat similar
conditions would be an act of
discrimination which would be
bitterly resented by Japan," the
statement declares.

—SLIPPERS—

The Gift Pleasing and Practical

The thoughtful giver chooses Warm House Slippers. The snug comfort—their warmth and softness, commend them to the seeker for gifts useful and attractive. There are many different styles from which to choose for any member of the family. Satin, Felt or Leather Slippers for her

—slippers with soft soles of leather soles. Leather or Felt Slippers for men—he can go outdoor; in them too if he wishes. Novelty or Plain Slippers for the kid-
dies that will keep their feet warm. Warm feet is good health insurance. Slippers should be one item on every-
one's Christmas list.
